HAYWARD INDUSTRIES, INC.,

Plaintiff,

v.

BLUEWORKS CORPORATION,  
BLUEWORKS INNOVATION  
CORPORATION, NINGBO C.F.  
ELECTRONIC TECH CO., LTD; NINGBO  
YISHANG IMPORT AND EXPORT CO.,  
LTD.

Defendants.

Civil Action No. 3:20-CV-00710-FDW-DSC

**DECLARATION OF TIBERIUS DINU**

I, **Tiberius Dinu** of Unit 801-2, 8th Floor, Tung Hip Commercial Building, 244 Des Voeux Road Central, Hong Kong, Operations Manager of PCL, declare as follows:

1. I am the Operations Manager at Panoramic Consulting Limited (**PCL**), a consulting firm which engages in services such as litigation support, intellectual property rights protection and market analysis. In particular, PCL carries out investigations involving intellectual property rights of a wide variety of well-known brands.
2. Since 2006, I have been participating in investigations carried out by PCL, particularly in the People's Republic of China, including but not limited to, formulation of investigation strategies, instructing of operative agents, review of operative reports and inspections of counterfeit products. In addition to English, I am fluent in Chinese Mandarin, able to both read and understand that language.
3. PCL was retained to conduct intellectual property infringement enquiries into Ningbo C.F. Electronic Tech Co., Ltd. (宁波市思虎电子科技有限公司) ("Ningbo C.F.") on behalf of Hayward Industries, Inc. ("Hayward"). The enquiries were designed to identify, amongst other things, Ningbo C.F.'s range of products and its relationship with United States entities suspected to be infringing Hayward's intellectual property rights in the United States, China and elsewhere.

4. Unless otherwise stated, I make this Declaration based on my own knowledge and belief. Where I have relied upon information provided to me by others, I have identified the source of that information, and I believe that information to be true and correct.

**A. *Company searches***

5. I have caused searches of the Chinese register of companies maintained by the China State Administration for Market Regulation (**SAMR**) to be conducted for Ningbo C.F. Electronic Tech Co., Ltd. (**Ningbo C.F.**) and Ningbo Yishang Import & Export Co. Ltd. (also translated as “Trade Ease Import & Export Co., Ltd.” and hereafter called “**Trade Ease**”), both of which are Chinese companies. I have also caused English translations of relevant SAMR records for these Chinese companies to be produced. A copy of the SAMR record for Ningbo C.F. and an English translation of that record appears at **Exhibit TD-1**. A copy of the SAMR record for Trade Ease and an English translation of that record appears at **Exhibit TD-2**. From those records, I note that Chen Zefeng / Richard Chen, is one of the two (2) shareholders of Ningbo C.F.

**B. *Investigations of Ningbo C.F. Electronic Tech Co., Ltd.***

6. PCL began investigating Ningbo C.F. on or about 13 October 2020. As a part of PCL’s investigations, we also reviewed copies of publicly available annual reports of Blueworks Corporation and Blueworks Innovative Corporation (each on its own and collectively, **Blueworks**), appearing at **Exhibit TD-3**.
7. Between 17 October 2020 and 2 November 2020, I caused my team to communicate with Ningbo C.F. by phone calls, emails, QQ (a Chinese messaging app), and WeChat messages posing as an agent acting on behalf of a Mexican company interested in ordering pool salt chlorinators for export to Mexico. Ningbo C.F. agreed to meet with the PCL agent at Ningbo C.F.’s offices on 3 November 2020.
8. On 3 November, I caused my team to visit Ningbo C.F.’s facilities at Xiwang Industrial Zone, Wanhua Village, Hengjie Town, Haishu District, Ningbo (宁波市海曙区横街镇万华村西王工业区), where an agent engaged and met with Ningbo C.F.’s manager Mr. Chen Ze Feng (陈泽锋) and one Holly Chen / Chen Hong Xia (陈虹霞). The PCL agent identified her status with the company from the roster of Ningbo C.F.’s foreign trade department.
9. During the visit, the following company names were observed by the agent on signboard near the entrance to the building and at the entrance of the fifth floor:

- Ningbo C.F. Electronic Tech Co., Ltd. (宁波市思虎电子科技有限公司)

- Ningbo Rotary Energy Saving Tech Co., Ltd. (宁波市罗特节能科技有限公司)  
("Ningbo Rotary")
  - Ningbo Yishang Import & Export Co., Ltd. (宁波市易商进出口有限责任公司)  
("Trade Ease")
10. During the visit, a business card showing the name "Richard Chen" was obtained from Mr. Chen Ze Feng. A true copy of the front of that business card is attached as **Exhibit TD-4**.
11. The agent also received from Ms. Holly Chen a Blueworks product catalogue, claimed to have been printed two (2) years ago. A true copy of that catalogue is attached as **Exhibit TD-5**. That catalogue bore information about what appeared to be the Ningbo C.F.'s "American branch company":
- Blueworks Corporation**  
**Address: 303 Albemarle Street, Lexington, NC 27292**  
**E-mail: [contact.us@blueworkspool.com](mailto:contact.us@blueworkspool.com)**  
**Office: +1-844-319-0237/+1-917-204-7116**  
**Website: [blueworkspool.com](http://blueworkspool.com)**
12. During the visit, Mr. Chen gave the following information to the PCL agent regarding Ningbo C.F. and its businesses:
- Ningbo C.F. was established sixteen (16) years ago, and is specialized in the manufacture of swimming pool pumps, pool salt chlorinators, pool lights, etc. Their products are mainly exported to the United States and Europe.
  - The building in which Ningbo C.F.'s offices are located is self-owned, with the 2nd to 4th floors serving as production workshops. The Chinese company names for Ningbo C.F. (思虎) and Trade Ease (易商) were all registered by Ningbo C.F.
  - Ningbo C.F. operates a branch company, a large warehouse, and an assembly factory with over ten (10) employees in the United States. Most of the products in the US warehouse were shipped to it from China.
  - The company not only produces products under its own "Blue Works" brand, it also provides OEM ("original equipment manufacturer") services for its clients. The MOQ ("minimum order quantity") for OEM orders was five hundred (500) pieces per model.
  - Mr. Chen said that Ningbo had registered the brand "Blue Works" in both China and America.
  - Mr. Chen himself mainly specialized in technical development, and sometimes received important clients for meetings, too. The company's most competitive products were pool salt chlorinators, without any equivalent competitors in China. He also claimed that

Ningbo's technology was a leader in the US market and was at least five (5) years in advance of Hayward's pool salt chlorinator technology.

- The titanium plates/parts for use in their pool salt chlorinators were imported from a contractual factory in America. The MOQ of the contractual factory was one thousand (1,000) pieces, but the company ordered tens of thousands of pieces each time.
- Mr. Chen said they could provide some samples of pool salt chlorinators for the agent, but only under the condition that the agent's "client" in Mexico provide detailed company information and specific requirements regarding the samples to be ordered.

13. During the visit, the PCL agent also spoke separately with Holly Chen, who gave the agent the following information, some of which is inconsistent with statements made by Richard Chen:

- Ningbo C.F. specialized in production while Trade Ease specialised in import and export services.
- Ningbo C.F. has a large warehouse in America, but it does not have a factory there, only an office offering after-sale services. This statement contradicted Mr. Chen's statements on this issue.
- Ningbo C.F. offered pool salt chlorination cells for sale that were compatible with Hayward and Pentair products. Those compatible with Hayward's products were Ningbo C.F.'s most popular products.

**C. *Communications with Ningbo C.F. via Alibaba message system***

14. Following that visit, from 7 December 2020 to 5 January 2021, the PCL agents continued to communicate with Ningbo C.F. regarding the pool salt chlorinators via the Alibaba messaging system accessible on its webpage on Alibaba, <https://techflife.en.alibaba.com>.

15. On 7 December 2020, a PCL agent visited the above-mentioned Alibaba website to investigate certain Hayward products, such as salt cells advertised at the following link:

[https://techflife.en.alibaba.com/product/1438991921-801036501/titanium\\_electrode\\_Salt\\_Chlorinator\\_Product\\_cell\\_replacement\\_to\\_Autopilot.html?spm=a2700.icbuShop.rect38f22d.2.40a72daeQIP7GS](https://techflife.en.alibaba.com/product/1438991921-801036501/titanium_electrode_Salt_Chlorinator_Product_cell_replacement_to_Autopilot.html?spm=a2700.icbuShop.rect38f22d.2.40a72daeQIP7GS). Although that link is no longer available, a cached version can be found at the following link, with an image of that cached version appearing at **Exhibit TD-6**:  
<https://webcache.googleusercontent.com/search?q=cache:rjxBTrVuZHAI:https://chinese.alibab.com/product-detail/titanium-electrode-salt-chlorinator-product-cell-replacement-to-autopilot-1438991921.html+&cd=7&hl=zh-CN&ct=clnk&gl=us>.

16. We sent a message to Ningbo C.F. regarding the products in question through the Alibaba messaging system referenced above. On the same day, an individual who signed her messages “Ruby” replied to the PCL agent via the same messaging system. Printouts of the messages between the agent and Ningbo C.F.’s “Ruby” described in paragraphs 16-21 of this Declaration appear at **Exhibit TD-7**.
17. After a series of messages back and forth, the PCL agent placed an order for one “Titanium electrode Salt Chlorinator Product cell replacement to Autopilot Cell to Hayward T3” and one “Titanium electrode Salt Chlorinator Product cell replacement to Autopilot Cell to Pentair IC20” on 7 December 2020 (the “Alibaba Order”). I note that these products were ordered to obtain suspected-infringing pool salt chlorinator samples via an alternate pretext, hedging against the possibility that Ningbo C.F. might refuse to provide samples via the earlier in-person pretext approach described above.
18. Through the Alibaba messaging system, “Ruby” sent the PCL agent a link for payment for the Alibaba Order. The PCL agent then visited the payment link provided by Ruby at <https://cashier.alibaba.com/linkpay/payProxy.htm?param=7b197f0f1d213d79c2895dae34ae195f7bd58d50e23b3f12e93f59d176e0b6d0-a110625cbe7741afb00a4e2f913ea97f:1607328322431>, and paid a total of US\$551 by credit card on 7 December 2020. The payment details for the Alibaba Order appear at **Exhibit TD-8**.
19. On 18 December, the PCL agent received a message from Ruby enquiring about the PCL agent’s background and seeking information about the agent’s “client” for whom he had claimed to be purchasing the products. The agent responded with details about the “client” and their need for the products, supporting the request for the two samples in the Alibaba Order.
20. Ruby appeared to be unsatisfied with this response, however, and she pressed the PCL agent for additional details about his company and the end-user client’s details, claiming that it is Ningbo C.F.’s company policy to “better know its clients.”
21. To not arouse any more suspicion (given that Ruby was, in our view, approaching a simple transaction far too cautiously), on 22 December, the agent communicated to Ruby to the effect that these questions were too onerous for the simple purchase of products they were openly advertising for sale. Instead, he indicated that if she could not sell the products to the agent, he would ask for a refund of the money already paid for the Alibaba Order. In response, Ruby told the agent to proceed with the refund.
22. On 29 December 2020, the refund from Ningbo C.F. was received by PCL.

**D.        *Communications with Ms. Chen of Ningbo C.F. via email and second on-site visit***

23. On 10 December 2020, the PCL agent contacted Ms. Chen via email and placed an order for the following products, all publicly available for purchase at Ningbo C.F.'s Alibaba page, noted above:
1. CFT-C series, 1 piece;
  2. CFLH series, 1 piece;
  3. CFSC series, 1 carton; and
  4. CFAG10/20, 1 unit.
24. On 11 December 2020, Ms. Chen replied via email that CFT-C is compatible with Hayward Aquarite T3/T9/T15 salt cell and asked the PCL agent whether the ordered product was intended to replace T3, T9, or T15. In response, the PCL agent indicated it was intended to replace a T3. Ms. Chen also asked "how many grams" were needed for the CFLH series, CFSC series, and CFAG10/20. The PCL agent replied on the same day that they wanted 20g for each product. Ms. Chen replied via email she would send the PCL agent an invoice for the ordered products. See **Exhibit TD-9**.
25. On 14 December 2020, the PCL agent wrote to Ms. Chen via email to follow up about the invoice, also asking whether all products offered in Ningbo C.F.'s catalogue are manufactured by it in China. Ms. Chen provided us with a proforma invoice for the order. Ms. Chen also replied via email that "For salt chlorinator cell plates are made in China. Yes, all products in catalogue made by us, we're factory." See **Exhibit TD-10**.
26. As well, Ms. Chen provided the agent with bank account information for a Hong Kong company called Fig Global Limited, ("Fig"), which she indicated was Ningbo C.F.'s Hong Kong company.
27. On 15 December 2020, I caused a deposit of US\$ 1,155 (a portion of the final total sum of US\$1,616) to be transferred to Fig's bank account as provided by Ms. Chen.
28. On 15 December 2020, I arranged for Ms. Chen to be sent the payment confirmation via email, and to ask whether the samples could be picked up at their factory. Further, as during the first on-site visit, Ningbo C.F. claimed that they have a facility in the USA, the PCL agent also asked via email if Ningbo C.F.'s facility in US also manufacture products or is just used for assembly. Ms. Chen replied via email that they will get packaging ready before the PCL agent visits again. Further, Ms. Chen also said in the email that "We don't have a facility in USA, may be in the future we will have. BTW, if sample past testing, how many units you can order

a year? If your order quantity over 500 units a year, we can private label for you.” See **Exhibit TD-11**.

29. On 18 December 2020, the PCL agent wrote to Ms. Chen via email to add in a request for two additional samples, 1 for CFT3 and 1 for CFAG20G-2. Ms. Chen revised the order and sent us an updated invoice via email on the same day. See **Exhibit TD-12**.
30. In follow up communications with Ms Chen on 23<sup>rd</sup> December 2020 via WeChat, she originally agreed that the PCL agent could collect four of the six ordered units from the factory on 25 December 2020. On 24<sup>th</sup> of December 2020, however, she indicated via a WeChat call that they could not provide the four ordered units on 25 December as they had “forgotten to test them.” She also indicated that the other two units would be ready the following week, suggesting that the agent could collect all six (6) ordered units together at the factory in the following week.
31. On 28 December 2020, Holly informed the PCL agent via WeChat messages that the ordered samples would be ready for collection on 31 December 2020.
32. Although the issues with Ruby and her clear suspicions regarding the separate investigative approach identified in paragraphs 19-21, above, raised our concern that Ningbo C.F. might suspect and be aware of the ongoing investigations, PCL nevertheless continued with the in-person approach to Ningbo C.F. to try to obtain samples of the suspected infringing products in the presence of Chinese notaries. As a result, and due to the need to coordinate the involvement of Chinese notaries to accompany the PCL agent and witness and record the visit, we were only finally able to arrange the visit with Ms. Chen to collect the samples at Ningbo C.F.’s factory on 5 January 2021.
33. On 5 January 2021, the PCL agent revisited Ningbo C.F. at the same location as the initial visit, though this time, he was accompanied by two (2) Chinese notaries public from a notary office in Guangzhou.
34. Ms. Chen received the PCL agent and accompanying notaries at an office on the 5<sup>th</sup> floor of the building. She initially claimed that the company’s production department workers were packing the samples, asking the PCL agent and notaries to wait in the office. The agent also paid Ms Chen the balance of the payment due on the expanded order, RMB3,200 (Approx. US\$461) in cash, and Ms. Chen supplied the agent with a printed proforma invoice in return.
35. While waiting for the sample, Ms. Chen also noted the following:
  - If the agent’s overseas client would like to place an order from their factory, they would ship the goods directly from China, so there was no need to ship from their company in the USA.

- They did not have a factory in the USA, only a warehouse.
  - They could not reveal the information regarding their source of the blades, as that was the company's confidential information.
36. About half an hour later, seven (7) Chinese police officers with the Ningbo Public Security Bureau entered the office, asking that the agent and the two Chinese notaries to hand over their mobile phones and ID cards. The PSB officers separated the PCL agent and notaries into separate offices, questioning them separately for around 2.5 hours.
37. During the questioning, the PSB officers mentioned to the PCL agent that the "factory boss" had reported the PCL agent on suspicion of "stealing" the company's secrets. The PSB officers also asked the PCL agent on whose behalf he was making the visit to Ningbo C.F. and in compliance with that request, he disclosed he was there on behalf of Hayward in relation to an intellectual property infringement investigation.
38. Upon the agent's request, Mr Chen refunded the RMB3,200 the agent had paid for the samples on the day.
39. The PSB officers then released the PCL agent and notaries with no charges being filed.

**I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on January 21, 2021**

## POOL PUMPS

### Blueworks FlowBot BLPVS Variable Speed Pump

BLPVS Super High efficient and performance VSP can compatible with Pentair IntelliFlo®/ WhisperFlo® Model: 1Hp, 1.5Hp, 2Hp, 3Hp.

#### FEATURES:

1. Energy savings up to 90% versus traditional pumps
2. 8 programmable speed settings and built-in timer assure optimum speed and run times for maximum efficiency and savings.
3. Ultra-efficient permanent magnet motor design reduces noise and vibration for greater efficiency and longer pump life
4. Dramatically quieter operation - as low as 38 decibels (even lower than IntelliFlo®)
5. Totally enclosed fan-cooled (TEFC) design and low average operating speed makes IntelliFlo® the quietest pump on earth
6. Built in diagnostics protect the pump for longer service life

HP	SF	SFHP	A	WATER	FLOW	HEAD
1	1.85	1.65	5.5	1200	24	24
1.5	1.47	2.2	7	1500	28	25
2	1.3	2.8	8.2	1800	30	25
3	1	3	10	2200	33	28

### Blueworks BLHVS Variable Speed Pump

BLHVS Super High efficient and performance VSP can compatible with Hayward SuperpumpVS®/ Super pump® Model: 1.5Hp

#### FEATURES:

1. Energy savings up to 90% versus traditional pumps
2. Right-sized for medium-head pump applications for a faster payback as compared to larger and more expensive variable speed models.
3. Ultra-efficient permanent magnet motor design reduces noise and vibration for greater efficiency and longer pump life
4. Dramatically quieter operation - as low as 38 decibels (even lower than IntelliFlo®)
5. Totally enclosed fan-cooled (TEFC) design and low average operating speed makes IntelliFlo® the quietest pump on earth
6. Built in diagnostics protect the pump for longer service life.

## Blueworks BLH Salt Chlorinator- Compatible with Hayward Goldline® salt systems

The same 3 Year Warranty, the same US MADE cell plate material No pipe line work needed

### FEATURES:

1. Water flow detector
2. Long life time cell 10000-15000 hours
3. Digital display and LED Indicators
4. Accurate salinity level reading
5. Adjustable chlorine output
6. Super chlorination mode
7. High & low salt indicators & protection (working salt from 2300PPM to 6500PPM)
8. High & low temperature indicators & protection (working temperature from 50F to 140F)
9. Cell failed indicator
10. Cell self-cleaning
11. Warranty 2-7 Year

Model No.	BLH-C 15K/25K/40K/60K
Chlorine Output	20/30/40/60 grams/hour
Salt Level	Ideal 3000-4000 PPM, (2300-6500PPM)
Cell lifetime	7000/10000/15000/20000/25000 hours for choice
Cell Self cleaning	Reverse polarity/self cleaning
Salt Chlorinator Style	Suitable for In Ground Pool
Unit Gross Weight	Round 11kgs
Unit Size	36.5*27.5*30cm

Models	Pool Size	Replace to Intellichlor
BlueWorks BLH-C 20K Gallon	20,000 Gallon	Compatible to Aquarite models:
BlueWorks BLH-C 30K Gallon	30,000 Gallon	Aquarite 15K Gallon
BlueWorks BLH-C 40K Gallon	40,000 Gallon	Aquarite 20K Gallon
BlueWorks BLH-C 60K Gallon	60,000 Gallon	Aquarite 40K Gallon

## Blueworks BLPT Salt Chlorinator-Compatible with Pentair Intellichlor®

3 Year Warranty compare to Pentair Intellichlor®  
1 Year warranty.  
The same US MADE cell material.  
No pipe line work needed.

### FEATURES:

1. Inbuild Sensors for flow detector, salinity and Temp
2. Long cell lifetime 10000-25000 hours
3. Accurate salinity level reading
4. Adjustable chlorine output
5. Super chlorination mode
6. High & low salt indicators & protection (working salt from 2300PPM to 6500PPM)
7. High & low temperature indicators & protection (working temperature from 50F to 140F)
8. Cell failed indicator
9. Cell self-cleaning
10. Easy setting design
11. Smart chlorinator program
12. Digital display and LED Indicators
13. Warranty 2-7 Year, three times longer than Original Pentair Intellichlor®

Model No.	BLPT-C 15K/20K/40K/60K
Chlorine Output	15/20/40/60 grams/hour
Salt Level	Ideal 3000-4000 PPM, (2300-6500PPM)
Cell lifetime	7000/10000/15000/20000/25000 hours for choice
Cell Self cleaning	Reverse polarity/self cleaning
Salt Chlorinator Style	Suitable for In Ground Pool
Unit Gross Weight	Round 10kgs
Unit Size	38.5*24.5*32cm

Chlorine Output	For pool size	Compatible with Intellichlor®
Blueworks BLPT-C 15K Gallon	40 to 50m3/15,000 gallon/60,000 lbs	Intellichlor 15K Gallon
Blueworks BLPT-C 20K Gallon	80 to 75m3/20,000 gallon/75,000 lbs	Intellichlor 20K Gallon
Blueworks BLPT-C 40K Gallon	80 to 160m3/40,000 gallon/150,000 lbs	Intellichlor 40K Gallon
Blueworks BLPT-C 60K Gallon	150 to 230 m3/60,000 gallon/230,000 lbs	Intellichlor 60K Gallon

## SALT CHLORINATOR SYSTEMS

### Blueworks BLSC Salt Chlorinator

The same three year warranty, the same US MADE cell plate material. No pipe line work needed

#### FEATURES:

1. Water flow detector
2. Long cell lifetime 10000-25000 hours
3. Digital display, membrane panel
4. Accurate salinity level reading
5. Adjustable chlorine output
6. Super chlorination mode
7. High & low salt indicators & protection (working salt from 2300PPM to 6500PPM)
8. High & low temperature indicators & protection (working temperature from 50F to 140F)
9. Cell failed indicator
10. Cell self-cleaning
11. Easy setting design
12. Smart chlorinator program
13. Workable for hot weather area like Arizona, CA, FL.
14. Warranty 2-7 Year

Model No.	BLSC-C 15K/25K/40K/60K
Chlorine Output	20/30/40/60 grams/hour
Salt Level	Ideal 3000-4000 PPM, (2300-6500PPM)
Cell lifetime	7000/10000/15000/20000/25000 hours for choice
Cell Self cleaning	Reverse polarity
Salt Chlorinator Style	Suitable for InGround Pool
Unit Gross Weight	Round 10kgs
Unit Size	35"22"14 cm
Voltage	110V/220 V

Chlorine Output	For pool size	Compatible with Aquarite®
Blueworks BLSC-C 15K Gallon	60 to 75m3/20,000 gallon/75,000 ltrs	Aquarite 15K Gallon
Blueworks BLSC-C 25K Gallon	75 to 115m3/30,000 gallon/115,000 ltrs	Aquarite 25K Gallon
Blueworks BLSC-C 40K Gallon	115 to 150m3/40,000 gallon/150,000 ltrs	Aquarite 40K Gallon
Blueworks BLSC-C 60K Gallon	150 to 230 m3/60,000 gallon/230,000 ltrs	

### Blueworks BLAT Salt Chlorinator

High performance salt chlorinators with Smart chlorinator program and Inbuild timer for pump control  
Compatible with Hayward Goldline ® salt systems  
The same three year warranty, the same US MADE cell plate material.  
No pipe line work needed

#### FEATURES:

1. Water flow detector
2. Long life time cell 10000-25000 hours
3. Digital display, membrane panel
4. Accurate salinity level reading
5. Adjustable chlorine output
6. Super chlorination mode
7. High & low salt indicators & protection (working salt from 2300 PPM to 6500PPM)
8. High & low temperature indicators & protection (working temperature from 50F to 140F)
9. Cell failed indicator
10. Cell self-cleaning
11. Timers function control pump
12. Easy setting design
13. Smart chlorinator program
14. Workable for hot weather area like Arizona, CA, FL.
15. Warranty 2-7 Year

Model No.	BLAT-C15K/25K/40K/60K
Chlorine Output	20/30/40/60 grams/hour
Salt Level	Ideal 3000-4000 PPM, (2300-6500PPM)
Cell lifetime	7000/10000/15000/20000/25000 hours for choice
Cell Self cleaning	Reverse polarity
Salt Chlorinator Style	Suitable for InGround Pool
Unit Gross Weight	Round 10kgs
Unit Size	35"22"14 cm
Voltage	110V/220 V

Chlorine Output	For pool size	Compatible with Aquarite®
Blueworks BLAT-C 15K Gallon	60 to 75m3/20,000 gallon/75,000 ltrs	Aquarite 15K Gallon
Blueworks BLAT-C 25K Gallon	75 to 115m3/30,000 gallon/115,000 ltrs	Aquarite 25K Gallon
Blueworks BLAT-C 40K Gallon	115 to 150m3/40,000 gallon/150,000 ltrs	Aquarite 40K Gallon
Blueworks BLAT-C 60K Gallon	150 to 230 m3/60,000 gallon/230,000 ltrs	

## Blueworks BLSW Salt Chlorinator- Compatible with Hayward Goldline® salt systems

Most efficient Above ground salt pool chlorinator US MADE Cell plates

### FEATURES:

1. Water flow detector
2. Long life time cell 10000-25000 hours
3. Adjustable chlorine output
4. Winter chlorination mode
5. High & low salt indicators & protection
6. Cell self-cleaning
7. Easy setting design
8. Warranty 2-7 Year

Model No.	BLSW-C 10K/15K/20K/30K/40K
Chlorine Output	10/15/20/30/40 grams/hour
Salt Level	2800-5000 PPM (Ideal 3000PPM-4000PPM)
Cell lifetime	7000/10000/15000/25000 hours for choice
Cell Self cleaning	Reverse polarity
Salt Chlorinator Style	Suitable for Aboveground Pool
Unit Gross Weight	Round 7kgs
Unit Size	35*22*14 cm
Voltage	110V only

Chlorine Output	For pool size
BLSW-C 10 K Gallon	10 to 40m3/10,000 gallon/40,000 ltrs
BLSW-C 15 K Gallon	40 to 60m3/15,000 gallon/60,000 ltrs
BLSW-C 20 K Gallon	60 to 75m3/20,000 gallon/75,000 ltrs
BLSW-C 30 K Gallon	75 to 115m3/30,000 gallon/115,000 ltrs
BLSW-C 40 K Gallon	115 to 150m3/40,000 gallon/150,000 ltrs

## BLUEWORKS BLIP Pool Control Center + Salt chlorinator

Control: pool pump and pool light. US MADE Cell plates

### FEATURES:

1. Sensors for water flow, Salinity level and temp
2. Long life time cell 10000-25000 hours
3. Digital display, membrane panel
4. Accurate salinity level reading
5. Adjustable chlorine output
6. Super chlorination mode
7. High & low salt Indicators & protection (working salt from 2300PPM to 6500PPM)
8. High & low temperature Indicators & protection (working temperature from 50F to 140F)
9. Cell failed indicator
10. Cell self-cleaning
11. Pool Pump control timer
12. Pool light control timer
13. Smart chlorinator program
14. Workable for hot weather area like Arizona, CA, FL.
15. Warranty 2-7 Year

Model No.	BLIP-G 20/30/40/60
Chlorine Output	20/30/40/60 grams/hour
Salt Level	Ideal 3000-4000 PPM, (2300-6500PPM)
Cell lifetime	7000/10000/15000/20000/25000 hours for choice
Cell Self cleaning	Reverse polarity
Salt Chlorinator Style	Suitable for Inground Pool
Unit Gross Weight	Round 12kgs
Voltage	110V/220 V

Chlorine Output	For pool size
Blueworks BLIP-C 15K Gallon	60 to 75m3/20,000 gallon/75,000 ltrs
Blueworks BLIP-C 25K Gallon	75 to 115m3/30,000 gallon/115,000 ltrs
Blueworks BLIP-C 40K Gallon	115 to 150m3/40,000 gallon/150,000 ltrs
Blueworks BLIP-C 60K Gallon	150 to 230 m3/60,000 gallon/230,000 ltrs

## SALT CHLORINATOR SYSTEMS

### BLUEWORKS BLAG Salt Chlorinator-Already Authorized US Sole Agent.

The same three year warranty, the same US MADE cell plate material.  
No pipe line work needed

#### FEATURES:

1. Water flow detector
2. Long life time cell 10000-15000 hours
3. Adjustable chlorine output
4. Winter chlorination mode
5. High & low salt indicators & protection
6. Cell self-cleaning
7. Easy setting design
8. Warranty 2-7 Year

Model No.	BLAG 10K/15K/20K
Chlorine Output	10/15/20 grams/hour
Salt Level	2800-5000 PPM (Ideal 3000PPM-4000PPM)
Cell lifetime	7000/10000/15000 hours for choice
Cell Self cleaning	Reverse polarity
Salt Chlorinator Style	Suitable for Aboveground Pool
Unit Gross Weight	Round 6.2kgs
Unit Size	44.5*38.5*17.5 cm

Chlorine Output	For pool size
BLAG 10K	10 to 40m3/10,000 gallon/40,000 ltrs
BLAG 15K	40 to 60m3/15,000 gallon/60,000 ltrs
BLAG 20K	60 to 75m3/20,000 gallon/75,000 ltrs

### BLUEWORKS BLAI Salt Chlorinator USA made Cell plates

#### FEATURES:

1. Long life time cell 10000-25000 hours
2. Adjustable chlorine output
3. Winter chlorination mode
4. High & low salt indicators & protection
5. Cell self-cleaning
6. Easy setting design
7. Warranty 2-7 Year

Model No.	BLAI 10/15/20
Chlorine Output	10/15/20 grams/hour
Salt Level	2800-5000 PPM (Ideal 3000PPM-4000PPM)
Cell lifetime	7000/10000/15000/hours for choice
Cell Self cleaning	Reverse polarity
Salt Chlorinator Style	Suitable for Aboveground Pool
Unit Gross Weight	Round 8.2kgs
Unit Size	48*40*18 cm

Chlorine Output	For pool size
BLAG 10K	10 to 40m3/10,000 gallon/40,000 ltrs
BLAG 15K	40 to 60m3/15,000 gallon/60,000 ltrs
BLAG 20K	60 to 75m3/20,000 gallon/75,000 ltrs

**Blueworks BLDB Salt Chlorinator-Already Authorized US Sole Agent.**  
High performance and Heavy Duty design

**FEATURES:**

1. Water flow detector
2. Long life time cell 10000-15000 hours
3. Digital display, membrane panel
4. Accurate salinity level reading
5. Adjustable chlorine output
6. Super chlorination mode
7. High & low salt indicators & protection (working salt from 2300PPM to 6500PPM)
8. High & low temperature indicators & protection (working temperature from 50F to 140F)
9. Cell failed indicator
10. Cell self-cleaning
11. Easy setting design
12. Smart chlorinator program
13. Workable for hot weather area like Arizona, CA, FL.
14. Warranty 2-7 Year

Model No.	BLDB 20/30/40/60
Chlorine Output	20/30/40/60 grams/hour
Salt Level	2800-5000 PPM (Ideal 3000PPM-4000PPM)
Cell lifetime	7000/10000/15000 hours for choice
Cell Self cleaning	Reverse polarity
Salt Chlorinator Style	Suitable for InGround Pool
Unit Gross Weight	Round 12kgs
Unit Size	38*26.5*30 cm
Voltage:	110V/220V

Chlorine Output	For pool size
BLDB-C 20	60 to 75m <sup>3</sup> /20,000 gallon/75,000 ltrs
BLDB-C 30	75 to 115m <sup>3</sup> /30,000 gallon/115,000 ltrs
BLDB-C 40	115 to 150m <sup>3</sup> /40,000 gallon/150,000 ltrs
BLDB-C 60	150 to 230 m <sup>3</sup> /60,000 gallon/230,000 ltrs

**Blueworks BLAC Salt Chlorinator-Already Authorized US Sole Agent.**

**FEATURES:**

1. Water flow detector
2. Long life time cell 10000-25000 hours
3. Digital display, membrane panel
4. Accurate salinity level reading
5. Adjustable chlorine output
6. Super chlorination mode
7. High & low salt indicators & protection (working salt from 2300PPM to 6500PPM)
8. High & low temperature indicators & protection (working temperature from 50F to 140F)
9. Cell failed indicator
10. Cell self-cleaning
11. Warranty 2-7 Year

Model No.	BLAC
Chlorine Output	30/40 grams/hour
Salt Level	2800-5000 PPM (Ideal 3000PPM-4000PPM)
Cell lifetime	7000/10000/15000 hours for choice
Cell Self cleaning	Reverse polarity
Salt Chlorinator Style	Suitable for Inground Pool
Unit Gross Weight	Round 11kgs

Chlorine Output	For pool size
BLAC 20	60 to 75m <sup>3</sup> /20,000 gallon/75,000 ltrs
BLAC30	75 to 115m <sup>3</sup> /30,000 gallon/115,000 ltrs
BLAC40	115 to 150m <sup>3</sup> /40,000 gallon/150,000 ltrs

## REPLACEMENT SALT CELLS

**Blueworks T-15, T 9, T5, T3 Salt Cell-Compatible  
with Hayward Goldline ® salt systems Cell plates made in USA**

Chlorine Output	For pool size	Compatible with Aquarite®
Blueworks BLT-C 15K Gallon	60 to 75m3/20,000 gallon/75,000 ltrs	T-3
Blueworks BLT-C 25K Gallon	75 to 115m3/30,000 gallon/115,000 ltrs	T-9
Blueworks BLT-C 40K Gallon	115 to 150m3/40,000 gallon/150,000 ltrs	T-15

**Blueworks BLPT Salt Cell-Compatible with Pentair Intellichlor®  
Salt systems Cell plates made in USA**

Chlorine Output	For pool size	Compatible with Intellichlor®
Blueworks BLP-C 15K Gallon	40 to 50m3/15,000 gallon/60,000 ltrs	Intellichlor 15K Gallon
Blueworks BLP-C 20K Gallon	60 to 75m3/20,000 gallon/75,000 ltrs	Intellichlor 20K Gallon
Blueworks BLP-C 40K Gallon	80 to 150m3/40,000 gallon/150,000 ltrs	Intellichlor 40K Gallon
Blueworks BLP-C 60K Gallon	150 to 230 m3/60,000 gallon/230,000 ltrs	Intellichlor 60K Gallon

## Blueworks BLRC Salt Cell-Compatible with Autopilot® Salt Systems Cell plates made in USA

Chlorine Output	For pool size	Compatible with Autopilot®
Blueworks BLRC35	100 to 120m <sup>3</sup> /35,000 gallon/120,000 ltrs	RC35
Blueworks BLRC42	120 to 140m <sup>3</sup> /42,000 gallon/160,000 ltrs	RC42
Blueworks BLRC52	140 to 190m <sup>3</sup> /52,000 gallon/190,000 ltrs	Rc52

## Blueworks BLESC Salt Cell-Compatible with Davy ESC® Salt Systems Cell plates made in USA

Blueworks BLESC48 compatible with ESC243648

## Blueworks BLCPSC Salt Cell-Compatible with Compupool CPSC® Salt Systems

Chlorine Output	For pool size	Compatible with Autopilot®
Blueworks BLCPSC16	30 to 40m <sup>3</sup> /10,000 gallon/40,000 ltrs	CPSC16
Blueworks BLCPSC24	40 to 50m <sup>3</sup> /15,000 gallon/50,000 ltrs	CPSC24
Blueworks BLCPSC36	50 to 75m <sup>3</sup> /20,000 gallon/75,000 ltrs	CPSC36
Blueworks BLCPSC48	75 to 100m <sup>3</sup> /30,000 gallon/100,000 ltrs	CPSC48

## REPLACEMENT PARTS

**Blueworks BLFS Flow Switch-Compatible with Hayward Goldline® Salt Systems, 1 year warranty.**

**Blueworks PCB Main and Display Circuit Board-Compatible with Hayward Goldline® Salt Systems. 1 year warranty.**

## Solar Floating Pool Light-Already Authorized US Sole Agent.

### FEATURES:

1. Auto recharge in the day time, and Auto turning on in the night, full Automatic.
2. With 8-10 hours of direct sunlight charging the battery the light will operate for approximately 6-10 hours.
3. Brilliant LED lights will last up to 100,000 hrs
4. Floats on the surface of pool, lake or pond
5. Illuminates Up to 40 ft. x 50 ft. Pool
6. Size: 30.5\*30.5\*20cms
7. Weight: 6kgs

## Rechargeable Floating Pool Light-Already Authorized US Sole Agent.

### FEATURES:

1. Brilliant LED lights will last up to 100,000 hrs
2. Floats on the surface of pool, lake or pond
3. Illuminates Up to 20 ft. x 40 ft. Pool
4. Provides up to 8 hrs illumination on one charge
5. Durable outer casing designed to withstand abuse
6. Size: 20.5\*20.5\*18cms
7. Weight: 1kgs

**Blueworks magnetic base pool light**  
**100% waterproof. Provide light wherever you may need it.**

**FEATURES:**

Using its magnetic base, it can be attached anywhere, even underwater.

Switch it on and off and change the colors and effects by simply pressing the central button on the optic lens.

11 BLUEWORKS  
BROCHURE

**Pool alarm BLPW-Already Authorized US Sole Agent.**

**FEATURES:**

1. Certified to ASTM F2208
2. Workable for pool size up to 5\*10m
3. Size: 29.5\*24.8\*27.5cm
4. Weight: 2 kgs
5. 1 Year Warranty

**Pool alarm BLPE-Already Authorized US Sole Agent.**

**FEATURES:**

1. Certified to ASTM F2208
2. For pool size up to 5m\*10m
3. weight:2kgs
4. Size: ;36\*26\*30cm.
5. 4PCS/CTNS, carton dimension:56\*41\*38.5cm
6. 1 Year Warranty

**New programmable Timer Controller, Heavy Duty Standard Plug  
-Already Authorized US Sole Agent.**

**FEATURES:**

1. Most simple programmable timer.
2. 120V~60Hz
3. 15 Amp resistive
4. 1 HP 15FLA 90RLA motor
5. Programmable Timer Day Cycle Activated  
by sun light night cycle activated by darkness

**New programmable Timer Controller, Heavy Duty Twistlock Plug  
-Already Authorized US Sole Agent.**

**FEATURES:**

1. Most simple programmable timer.
2. 120V~60Hz
3. 20 Amp resistive
4. 1 HP 15FLA 90RLA motor
5. Programmable Timer Day Cycle Activated  
by sun light night cycle activated by darkness

**BLTM01 Easy Programmable Timer**

**FEATURES:**

1. The easiest programmable timer.
2. 2 independent time settings
3. 2,4,6 or 24 hour run times
4. 120V~60Hz
5. 15 Amp resistive
6. 1 HP 15FLA 90RLA motor
7. 1 Year Warranty
8. Unit weight:0.44kgs,dimension:11\*7.5\*14cm.
9. 12PCS/CTNS, carton dimension:30\*26.5\*24cm.

Dear Holly,

Hope you are keeping well .

We apologise for the late reply. Our business has been a bit quiet lately .

We had a look at your catalog and we would like to order the following as samples to test and show to our clients.

We want to order the following:

1. CFT-C series.           1 pc
2. CFLH series.           1 pc
3. CFSC series.           1 carton
4. CFAG10/20.           1 unit

Please prepare PI in RMB and send us your banking details.

My agent will do the payment.

We would appreciate it if you could prepare the goods and send to my agent in

China as he has other goods to consolidate for us and will ship to us one time to save some cost for us.

Waiting for your positive reply

Best Regards  
Teodoro

Dear Holly,

Thank you for your quick reply

Sorry for my late reply.

We are a reputable company established in 2005 and servicing our clients through all of Mexico.

We also have big clients in the USA and surrounding areas who engaged us to source these products for them since they

Cannot travel to China.

We would like my agent who is based in China to visit you and have a face to face meeting and discuss with you for further business for us.

Best Regards

Waiting for your reply

Dear Holly,

Attached the Payment,

As my agent will be in your area (Ningbo) from next week consolidating some other goods for us, we would appreciate it if you could prepare the goods and our agent will pick up from your factory. This will save us some cost.

Also you mentioned that you have a facility in the USA. Does your facility in US also manufacture or is it just used for assembly.

Also if we place future orders could you send our orders direct from US to Mexico.

Waiting for your reply.

Best Regards

Teodoro

SUBJECT: Re: Business Enquiry

Dear Holy,

Thanks once again for helping us

For Item

2) 20g

3) 20g

4) 20g

If you don't have 20g you could supply us with 30g

Regards

Teodoro

Dear Teodoro,

Thanks for your order, we can get packaging ready before your agent comming again, when he will come?

We don't have facility in USA, may be in the future we will have.

BTW,if sample past testing,how many units you can order a year? If your order quantity over 500 units a year,we can private label for you.

Have a nice day

Best Regards  
Holly

Subject: RE: Re: Business Enquiry

Dear Holly,

Attached the Payment,

As my agent will be in your area (Ningbo) from next week consolidating some other goods for us, we would appreciate it if you could prepare the goods and our agent will pick up from your factory. This will save us some cost.

Also you mentioned that you have a facility in the USA. Does your facility in US also manufacture or is it just used for assembly.

Also if we place future orders could you send our orders direct from US to Mexico.

Waiting for your reply.

Best Regards

Teodoro

Dear Teodoro,

Thank you for your order. Yes, I revised invoice, add these two items, please check attached invoice.  
Once your agent confirm time, welcome call me. Ok, I will also send the invoice to your agent.  
Look forward to receive larger order from you.

Have a nice day

Dear Holly.

Hope you are well .

Thanks for your reply.

Please could you had to our order.

1 X CFT3

1 X CFAG20G-2

Our Agent will be at your company sometime next week and he will phone you first.

Our agent will also pay cash for these two items when visiting.

Please could you add these two items to the original Invoice you sent to us and give to our agent one invoice

We are confident that after our client test these they will place larger order with us.

Have a nice day

Best Regards  
Teodoro
